Final Finishing Touches

Albert S. Kochaphum
Week 10 | May 31st, 2022

slido

Lab 10

① Start presenting to display the poll results on this slide.

Week 10... The TEND is near! :O Thoughts?

im dying so bad rn

very stressed 😞

Sad

excited

ugh

sadge

need more than 24 hours in a day 😭

auuurughhhhhh

Little stressed, but doing fine

How are you planning on attending tomorrow's (un-recorded) class?

In-person

Online

Not sure yet

Today's Agenda

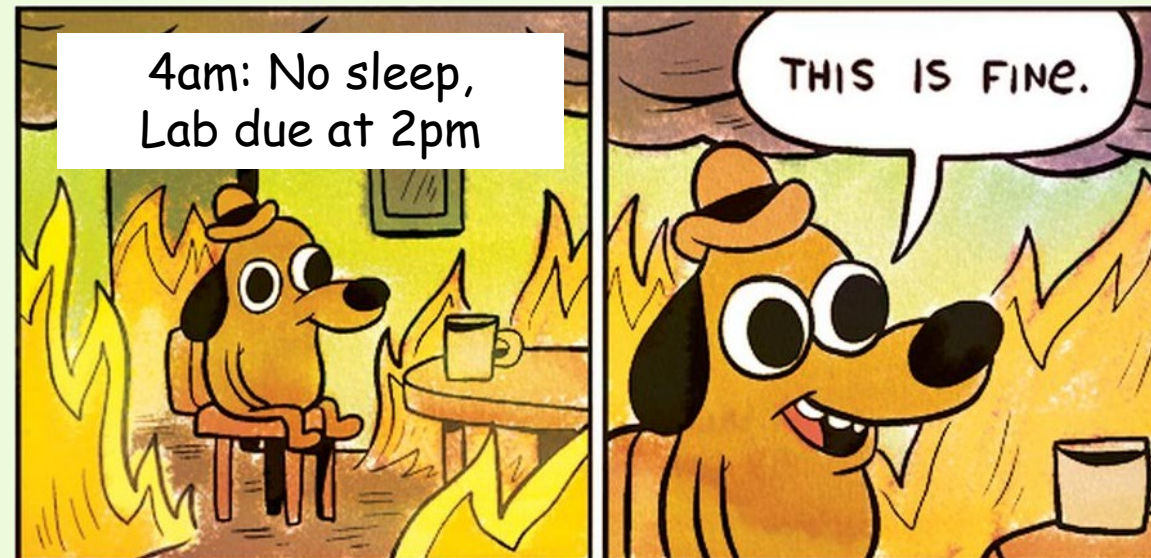

Logistics

Lab

Group Exercise

Remember this?

Get help early and often!

Logistics

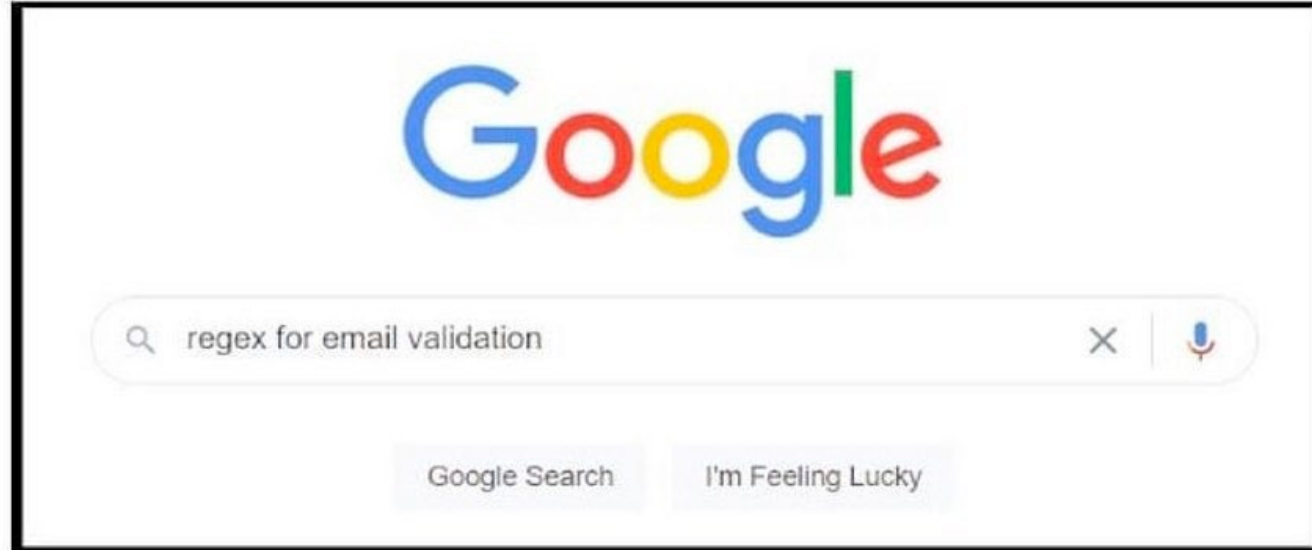

- **Rough drafts rough?**
- **If you are stuck, do check-in plz.**
- **Can sign-up for back-to-back Office Hours**

Why?

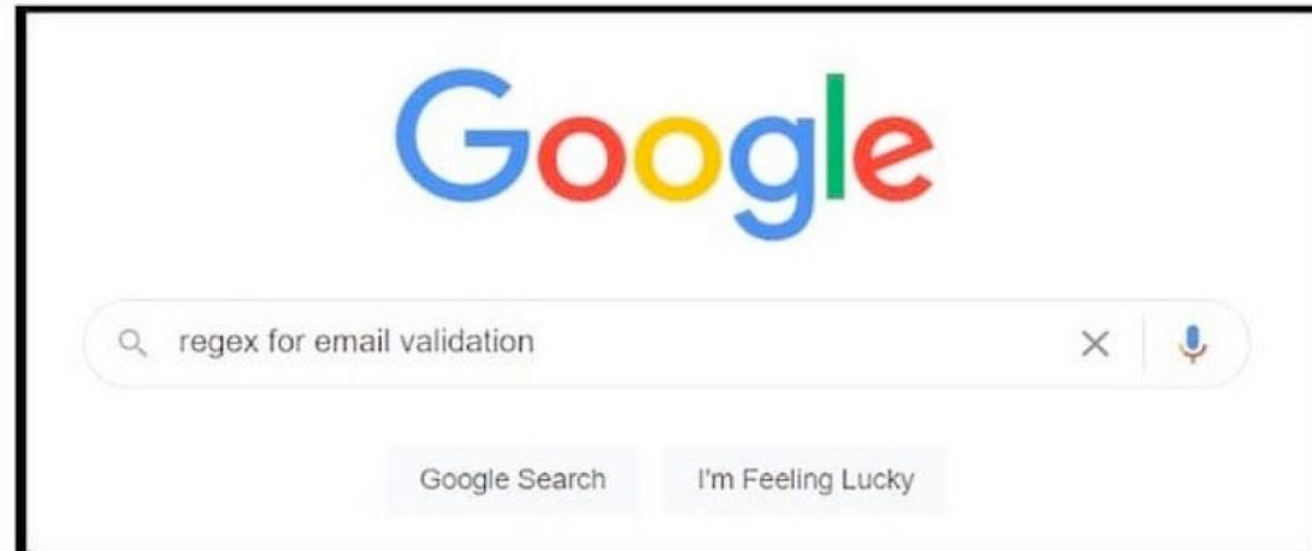

We covered a lot of content, no need to struggle implementing it all.

DAY1 OF PROGRAMMING

10 YEARS OF PROGRAMMING

Bottom Line: (reminder)

Programming is not a solo endeavor.

Lab: Final Finishing Touches

Group Exercise

1. Go to this Repo:

<https://github.com/albertkun/22S-AA191-GitPracticing/blob/main/review.md>

2. Try out one of the following Leaflet plugins or explore one from this list: **<https://leafletjs.com/plugins.html>**

3. If you were able to get an example up and running, put your GitHub pages example under the “Example Implementations**”**

4. Make a pull request to the repo

Final Project Reminder

Final Project Evaluation

Criteria	Points
Empowerment of civil society	55
Technical originality	55
Final Presentation	50
User story/interface/experience	40
Individual Group Evaluation	25
Repository Documentation	25
